

Annual money snapshot

Capture the numbers that matter before choosing your next actions.

Your financial snapshot

Review date	
Monthly take-home income	
Monthly essential expenses	
Emergency savings	
Total assets	
Total liabilities	
Current net worth	

What changed since the last review?

Biggest financial win	
Biggest concern	
Important life change	

Top three priorities

Priority action	Owner / date
1.	
2.	
3.	

Use estimates as a starting point. Verify current rates, taxes, product terms, and eligibility before acting.

Goal planning worksheet

Turn one important goal into a target, deadline, and monthly action.

Define the goal

Goal name	
Why this goal matters	
Target date	
Target amount today	
Current savings for this goal	

Plan assumptions

Inflation assumption		Expected return	
Future target amount		Monthly saving needed	

Next actions

Priority action	Owner / date
1.	
2.	
3.	
4.	

Expected returns are not guaranteed. A conservative assumption creates a more resilient plan.

Emergency fund plan

Build a cash buffer around essential expenses and your household risk.

Monthly essentials

Expense	Monthly amount
Housing	
Utilities	
Groceries	
Transport	
Healthcare and insurance	
Debt minimums	
Other essentials	
TOTAL ESSENTIAL EXPENSES	

Set the target

Months of coverage	
Emergency fund target	
Current emergency savings	
Funding gap	
Monthly saving action	

Keep this fund accessible and separate from long-term investments. Adjust for dependents, income stability, insurance, and health needs.
